

CLEANERS & STRIPPERS

Heavy Duty Wax Remover

DESCRIPTION:

ROVAL HEAVY DUTY WAX REMOVER is a special blend of powerful ammoniated detergents, surfactants and cleaning solvents, combined to form an extremely effective wax remover. HEAVY DUTY WAX REMOVER deep cleans, restores and prepares the surface for the application of sealers and floor finishes, and can be used in conjunction with a floor machine for heavily soiled or large commercial areas. This product is water soluble and nonflammable.

RECOMMENDED FOR USE ON:

Safe to use on all types of synthetic flooring, composite vinyl tile, ceramic tile, natural stone, masonry and grout.

NOT RECOMMENDED FOR USE ON:

Wood flooring, painted surfaces and carpet.

SURFACE PREPARATION:

Always test this product in an inconspicuous area before using to ensure suitability for your intended use. Remove any loose debris, dirt and dust by sweeping, vacuuming or wiping surface with a clean cloth. Protect all baseboards and exposed surfaces not intended to come into contact with this product during use.

DIRECTIONS FOR USE:

Dilute ROVAL HEAVY DUTY WAX REMOVER 1:1 with clean, hot water for removing excessive wax build-up. For removal of light wax build-up, dilute stripper up to 1:10 with clean, hot water. Apply solution liberally over small area (approximately 50 square feet) using a clean mop. Allow solution to stand 2 to 5 minutes. While still wet, scrub area using a stiff bristle brush. For heavily soiled areas and heavy wax build up, use a floor machine with a coarse stripping pad. Do not allow dirty residue to dry onto floor. Remove residue immediately by continuous mopping with clean water or with a wet/dry vacuum, followed by a clean water rinse. Continue this method until all wax and residue has been completely removed and floor is thoroughly clean. Once floor has completely dried, apply an appropriate sealer or floor finish. Clean all tools with water after using.

COVERAGE:

Actual coverage will vary due to dilution rate. One gallon of diluted solution will strip approximately 300 square feet.

PACKAGE SIZE:

6/1 gallon case, 5 gallon pail, 30 gallon drum, 55 gallon drum

SPECIAL PRECAUTIONS:

Always wear appropriate protective clothing, i.e., gloves, splash goggles, etc., when using this product. Do not allow cleaner to come into contact with skin or eyes.

Warning! Floors become slippery while using this product. Exercise caution to avoid slip and fall.

Read, understand and follow all label instructions before using.
