# Milano Marble Polish

## PRODUCT DESCRIPTION:

ROVAL MILANO MARBLE POLISH is designed to help protect and maintain polished marble flooring and similar highly polished, dense surfaces. MILANO MARBLE POLISH is manufactured from the highest grade of buffable liquid polymers available today and is designed for use with a floor machine. MILANO MARBLE POLISH produces a high gloss and helps protect the natural beauty of marble with regular use.

## RECOMMENDED FOR USE ON:

Interior installations of honed and polished marble and similar highly polished, dense surfaces. May also be used on terracotta and natural stone surfaces that have been treated with silicone impregnators, to achieve a low luster, satin finish that will not peel or flake.

## SURFACE PREPARATION:

All surfaces must be clean and free from all dirt, dust, grease, oil and other foreign matter before applying MILANO MARBLE POLISH.

## DIRECTIONS FOR USE:

NOTE: The application of this product requires the use of a floor polishing machine. Spray a light mist of MILANO MARBLE POLISH in a small area (approximately 40 to 50 square feet). While the floor is still wet, polish or burnish the area with a floor machine equipped with a union mix polishing brush or a buffing pad. Spread the polish in an even and uniform manner, stopping on a common cut off point. Care should be taken not to apply too much polish with each application. Continue this method until the entire floor has been covered with polish and burnished. Allow the polish to dry completely. Change the pad on the floor polishing machine to a clean, polishing type pad (white) and go over the entire area until the desired sheen is achieved. If streaking occurs, spray a fine mist of clean water over the affected area and go over the area again with the polishing pad until the streaks have been eliminated. Spot polish in high traffic areas to remove any scuffmarks, by using the same method as described above for removing streaks.

## MAINTENANCE:

Sweep or dust mop floor regularly to remove sand, dirt, dust etc. Clean floor by damp mopping using a solution of ROVAL TILE & STONE CLEANER and water. Follow cleaner label for regular use instructions and dilution rates. Spray buff MILANO MARBLE POLISH into traffic areas, when additional protection and beautification is necessary

## COVERAGE IN SQUARE FEET PER QUART:

Approximately 1000.

## PACKAGE SIZE:

12/1 quart case, 5 gallon pail, 30 and 55 gallon drums

## SPECIAL PRECAUTIONS:

### IN CASE OF INHALATION:

Vapors and mist may irritate nose and throat. If irritation occurs, remove victim to fresh air. If symptoms persist or become evident, seek medical attention.

### IN CASE OF EYE CONTACT:

Vapor, mist and liquid are mildly irritating to eyes. If irritation occurs, immediately flush eyes with large amounts of water for at least 15 minutes while holding eyelids apart. Seek medical attention.

### IN CASE OF INGESTION:

No health risks are expected in commercial use. Ingestion of this product in small amounts poses no health risks. Only minimal health risks are posed by swallowing large amounts of this product. In case of ingestion of large amounts of this product, thoroughly wash mouth with water and give victim two glasses of water for dilution. If person is conscious, induce vomiting. Seek medical attention.

### IN CASE OF SKIN CONTACT:

There are no known irritating effects to the skin upon contact. If skin contact occurs and irritation develops, remove contaminated clothing. Wash skin with soap and water. Launder contaminated clothing before reuse. If irritation becomes evident or persists, seek medical attention.

## TECHNICAL PROFILE:

Viscosity:	Light Syrup
Solvent:	Water
Active Solids:	20%
Spec. Gravity:	1
Appearance:	Milky White Liquid
Shipping Category:	Non-Hazardous
V.O.C.:	None

*Water Base ♦ Water Rinseable ♦ Highly Buffable ♦ Will Not Peel Or Flake ♦ Maintains & Beautifies*
